SPECIAL CIRCUMSTANCES FORM 2024-2025

A **Special Condition** refers to specific circumstances that would allow an adjustment to be made to a Student Aid Report and recalculate financial aid. Parent refusal to provide support and unusual consumer debt are not special conditions.

A person is considered a **Dislocated Worker** if he/she:

- Ø is receiving unemployment benefits due to being laid off or losing a job and is unlikely to return to a previous occupation;
- Ø has been laid off or received a lay-off notice from a job;
- Ø was self-employed but is now unemployed due to economic conditions or natural disaster; or
- Ø is a displaced homemaker. A displaced homemaker is generally a person who previously provided unpaid services to the family, is no longer supported by the husband or wife, is unemployed or underemployed and is having trouble finding or upgrading employment

Special Condition/Dislocated Worker requests will be reviewed after July 1 each year.
